#### Note

When Saving Phase Data option is enabled in the Lab Options, exported CSV file can be used to generate plots for phase information.

Starting from v8.0, eXport PC software has updated the template for PDF reports.Updates includes various alignments and standardisation, and indicating all non-applicable parameters with a "-".

Starting from v8.3, the "Factory Calibration Status" of the WireXpertwill be indicated on all PDF reports to remind end-.users of timely calibration of their devices.

It is recommended to calibrate your WireXpert annually to ensure accurate measurements.
